As part of the comprehensive planning program, each jurisdiction is required to formally adopt a public participation plan. Each jurisdiction identified above as well as the County, will be adopting a public participation plan. The public participation plans will share commonalities, but allows each jurisdiction to utilize specific public participation tools that may be best for their particular jurisdiction.

**INTENT/PURPOSE**

Pursuant to Sec. 66.1001(4)(a), Wisconsin Statutes:

*“The governing body of a local governmental unit shall adopt written procedures that are designed to foster public participation, including open discussion, communication programs, information services and public meetings for which advance notice has been provided, in every stage of the preparation of a comprehensive plan. The written procedures shall provide for wide distribution of proposed, alternative or amended elements of a comprehensive plan and shall provide an opportunity for written comments on the plan to be submitted by members of the public to the governing body and for the governing body to respond to such written comments.”*

**ROLES & RESPONSIBILITIES**

Public participation efforts will be a combined effort between the local jurisdictions, SWWRPC, and UW-Extension. SWWRPC will be focusing on public participation efforts that serve the entire county as well as the cluster groups that have been established as part of the Iowa County Comprehensive Planning Process. For example, SWWRPC will be coordinating and distributing the county-wide survey, press releases and meeting notices for the cluster groups, holding county wide open houses, cluster group visioning sessions, etc. Local jurisdictions will be responsible for coordinating specific efforts on their individual local level. For example, each local jurisdiction is responsible for generating and posting local plan commission notices, posting cluster meeting notices, posting and conducting of at least one public hearing, etc.
